

Name _____

Consumer Economics Tax Unit in a Nutshell

Enduring Understandings

(What should we remember five years from now?):

1. Individuals have a responsibility to pay taxes, which provides a source of revenue for the government.

Essential Outcomes

(What do all Consumer Economics students have to know for the test?):

- 9.a identify sources of and uses for excise, property, sales, and income taxes.
- 9.b define tax filing terms, structures, and deadlines.
- 9.c identify tax forms (1040EZ, W-2, W-4, 1099 INT) and their purposes.
- 9.d complete a 1040EZ.

Lowen Outcomes

(What else should Mr. Lowen's students know for the test?):

Unit Questions

Using your textbook and classroom discussion, answer the following questions on another sheet of paper. Use complete sentences. They are due on the day of the unit test.
